National Offers A Complete Line Of Attachment Hardware

When it comes to attachment hardware, you'll find just what you need with National. A huge assortment, in a variety of sizes and configurations, allows you to choose just the right product for your application. Whether it's for your home, work or recreational needs, National attachment hardware is the perfect choice.

SAFE WORKING LOAD DESIGNATION

All National attachment hardware is clearly marked with a Safe Working Load limitation (SWL). This ensures you'll have the right product for the right job. Make sure to refer to the SWL label when making your purchase. Depending on your application, the SWL limitation is important in reducing the possibility of failure.

Material And Finish Selection Guide

Use this chart to select the product that's right for your application.

USAGE	FINISH	CORROSION	STRENGTH	MATERIAL
Outdoor/Marine	Stainless Steel	Best	Best	Stainless Steel
Marine/Equestrian	Brass	Better	Better	Solid Brass
Agricultural	Nickel	Better	Best	Malleable Iron
Household	No Rust	Better	Good	Die-Cast Zinc
General Purpose	Zinc	Good	Best	Steel
